BACKGROUND

The Working Subcommittee (hereafter referred to as Subcommittee) was established by action of the full Grants-in-Aid (GIA) Committee of the International Association of Fish and Wildlife Agencies (IAFWA) at their meeting in Washington, D.C. on January 24, 1978. This action was taken as a means to provide State input on the regulations and policies guiding federal assistance (FA) programs administered by the U.S. Fish and Wildlife Service, Federal Assistance Division (FWS-FA). Since that time, the Subcommittee has been consulted when State input based upon a detailed working knowledge of FA programs is desirable. A membership term of 2 years was established in 1978. In 1983, staggered 2-year terms were initiated and in 1987 staggered three year terms were approved. In 1998, the Subcommittee name was revised to “Federal Aid Coordinators Subcommittee” from what was called the “Working Subcommittee.” The “GIA” Committee has been renamed the “Fish and Wildlife Trust Funds Committee” (FWTFC), IAFWA has been renamed “Association of Fish and Wildlife Agencies” (AFWA), and the FWS-FA has been renamed the “Wildlife and Sport Fish Restoration Program” (WSFR). In 2001, both the IAFWA and the FWS-FA reaffirmed their desire for the Subcommittee to continue operation. In 2003, the FWTFC renamed the “Federal Aid Coordinators Subcommittee” the “Federal Assistance Coordinators Subcommittee.” If agreeable to the FWTFC Chair, the Subcommittee would prefer “Federal Assistance Coordinators Working Group” (hereafter referred to as FAC Working Group).

FAC WORKING GROUP MEMBERSHIP

A. Composition: One Federal Assistance Coordinator (FAC) and one alternate from each FWS Region (except for Regions 1, 7, and 8 – where one FAC is chosen to represent all three regions). It is recommended that FAC Working Group members have a working knowledge of both the biological and administrative aspects of FA programs. Membership will generally rotate on a three-year basis with the alternate shadowing the previous subcommittee member during their third year. Regions may adopt shorter or longer lengths of tenure if accepted by a majority of Federal Assistance Coordinators in the Region.

B. Election: Federal Assistance Coordinators in each FWS Region shall elect an alternate generally every three years in the following manner.

1. Odd years: Regions (1, 7 & 8), 2, and 4
2. Even years: Regions 3, 5, and 6

Terms shall begin on October 1 and last for a period of not less than three years, unless a longer or shorter length of tenure is adopted by the FWS Region. If the elected FAC Working Group member cannot complete the term they were elected to fill, the current alternate would assume
the responsibilities of FAC Working Group member for that Region. An individual can serve no more than five consecutive years as a FAC Working Group member. Replacement alternates may be elected at any time to fill vacancies caused by a FAC Working Group member and/or alternate being unable to complete their assigned term. Any replacement (alternate or member) shall serve the balance of their predecessor’s term. The FAC Working Group member is responsible for coordinating the election of a new alternate during the third year of their term.

C. Chair: The FAC Working Group Chair shall be elected annually by a majority of Working Group members and shall act as liaison with the FWTFC, WSFR and the Joint Task Force (JTF). The FAC Working Group Chair should be a member of the FWTFC and should have a comprehensive working knowledge of FA programs and be involved with the management and implementation of WSFR programs on a daily basis.

D. Co-Chair: The FAC Working Group Co-Chair shall be elected annually by a majority of the Subcommittee members and in the Chair’s absence, shall act as a liaison with the FWTFC, WSFR, and JTF. The Co-Chair will assume the responsibilities of the Chair in the following year.
