

Wildlife Sketching & Illustration

A WEBINAR FOR EDUCATORS

of Grades 3-12

Hosted by **Project WILD** and the **Federal Junior Duck Stamp** programs, this one-hour online webinar for formal and nonformal educators will focus on nature and wildlife sketching as an educational method for advancing student learning and skill development. Participants will explore the benefits of engaging students in sketching and illustration, techniques for sketching, and activities from Project WILD and Jr. Duck Stamp curricula that involve the use of illustration.
