

# Ecological Niche Student Sheet

Name: \_\_\_\_\_ Date: \_\_\_\_\_

**Part 1:** Select two species that have different niches.

1. Write a short description of each niche based on the information on the card.

**Species 1:**

**Species 2:**

2. Briefly describe any connection(s) or shared environmental factors between the two species.

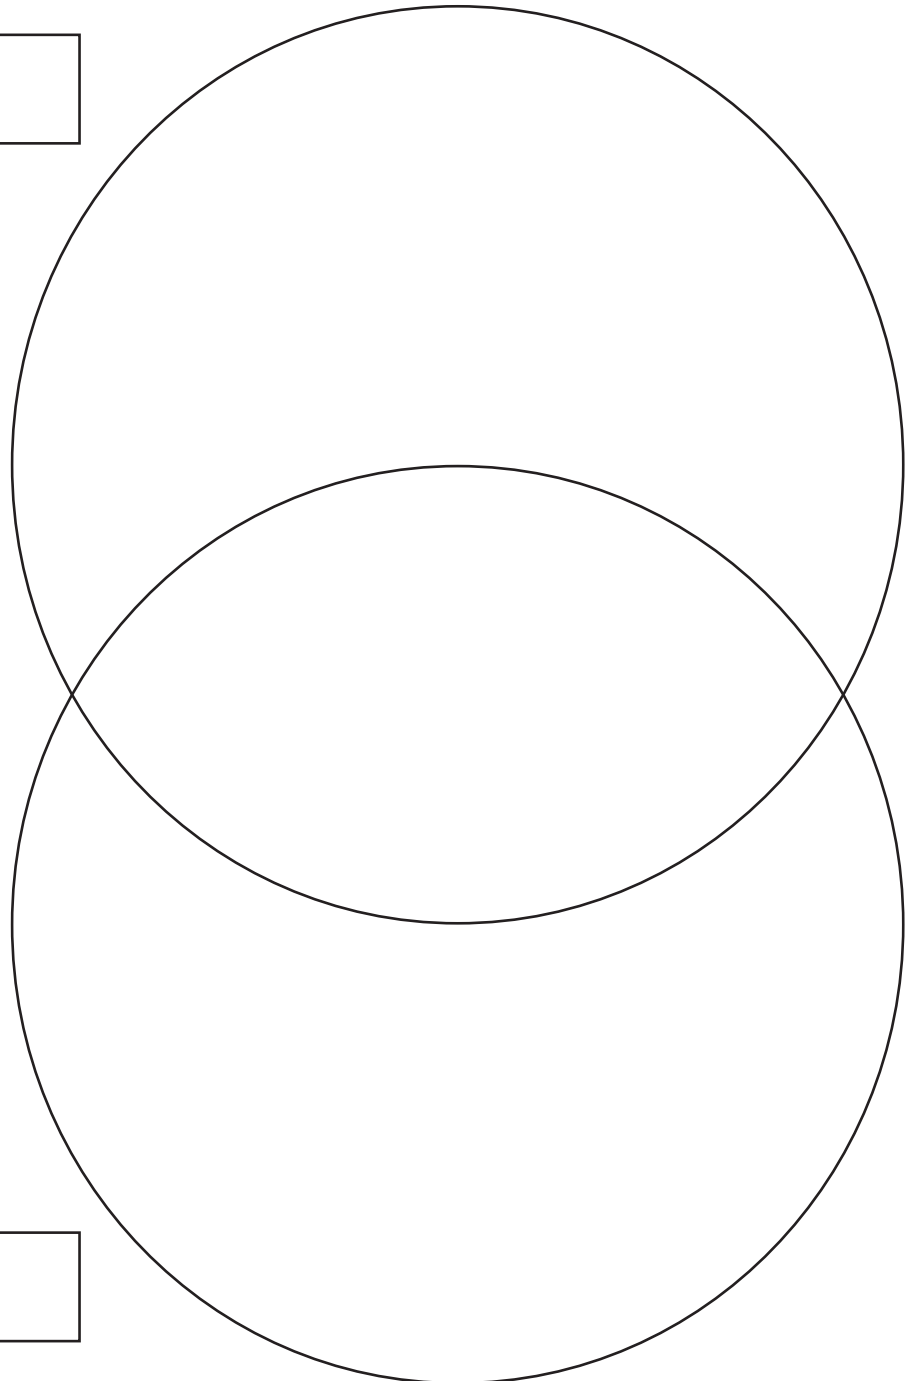

# Ecological Niche Student Sheet

Name: \_\_\_\_\_ Date: \_\_\_\_\_

**Part 2:** After reading two *Ecosystem Cards*, select two species—one from each *Ecosystem Card*—that have similar niches. Using the Venn diagram below, identify the ecosystems and species, then compare and contrast the species' niches.

**Ecosystem 1:**  
**Species 1:**

**Ecosystem 2:**  
**Species 2:**
