

ASSOCIATION of
FISH & WILDLIFE
AGENCIES

CLIMATE CHANGE COMMITTEE

Chair: Kevin Hunting (CA)

Monday, September 11, 2017

3:00-5:00pm

AFWA Annual Meeting

Room: TBD

Sandy, UT

Committee Charge

- Build capacity within and among state fish and wildlife agencies to begin integrating climate change in to the normal business of the conservation of fish and wildlife.
- Serve as a forum for networking, information sharing, and lessons learned on climate change issues.
- Serve as the coordinated voice of the fish and wildlife agencies on climate change issues with conservation partners, other sectors, legislators, and appropriators.
- Serve as a conduit for sharing emerging research on climate change and climate adaptation and develop recommended approaches for state agencies to incorporate climate change considerations in to fish and wildlife conservation

Agenda

- 3:00 pm Call to Order/Review Agenda
- 3:05 Introductions & Member Roundtable
One representative per member agency highlights one initiative or issue
- 3:25 Developing a Wildlife Menu for the Climate Adaptation Workbook
