

ACCESSIBLE LEARNING: USING UNIVERSAL DESIGN PRINCIPLES IN AND OUT OF THE CLASSROOM

SEP

29

3:00 ET

2:00 CT

1:00 MT

12:00 PT

Dr. Sherry Adrian (she/her/hers)

Southwestern University, Emeritus Professor

Dr. Sherry Adrian is an educator with over 40 years of experience in public school classrooms, psychiatric treatment facilities and university classrooms. This webinar will introduce Universal Design Learning, a framework that guides the design of learning experiences to proactively meet the needs of all learners. When you use UDL, you assume that barriers to learning are in the design of the environment, not the student. Dr. Adrian will demonstrate how to use UDL in environmental education settings and specifically refer to modifying Project WILD materials. Registration is required. This will be recorded.
