

Years of Impact

2009-2024

STRATEGIC INVESTMENTS FOR SPECIES OF GREATEST CONSERVATION NEED

OVER 50% of our birds spend over 1/2 the year outside of the United States.

OVER \$4.2M for conservation from 41 states.

OVER 1.5M acres conserved, restored, or managed.

OVER \$9M leveraged partner funding.

OVER 800,000 trees planted.

Species Positively Impacted

81 Species of
Greatest Conservation Need

42 Birds of Conservation Concern

33 Watch List Species

27 Tipping Point Species

Partnerships

26 Projects

12 Countries

36 Partners

Southern Wings supports partnerships aimed at conserving birds and reversing their declines.

STRATEGIC INVESTMENTS

2009:
**SOUTHERN
WINGS
ESTABLISHED**

2009 - Present: Protection of Desert Grasslands Migratory Bird Habitat in the El Tokio Grassland Priority Conservation Area

2009 - Present: Protection of Wintering and Stop-Over Sites on the Caribbean Coast of Guatemala

2011 - Present: A Sustainable Grazing Network to Protect and Restore Grasslands on Private and Communal Lands in Mexico's Chihuahuan Desert

2014 - 2021: Conserving Critical Piping Plover and other Shorebirds Nonbreeding Sites in the Bahamas

2018 - Present: Neotropical Flyways Project

2020 - Present: Conservation of Neotropical Migratory Birds in the Dry Tropical Forests of El Salvador

2022 - Present: Restoration of Wetland Hydrology in the Marismas Nacionales of Nayarit, Mexico to Benefit Migratory Waterfowl and Shoredbirds
